## “The Best Office Partition System in the World.”

The Studio 50 Partition system was originally designed as a traditional floor standing system with a few unique design features that made it stand head & shoulders above its rivals. Amongst a myriad of benefits, a few stand out: The autolock system was created to facilitate fast install, the core material was sourced for its structural integrity, lightweight strength & ability to be pinned. However, as offices have evolved, so have the requirements of a partition system.

Screen heights have come down to augment the open plan designs that are more in favour & more often than not, the design brief asks for a solution that enables

better airflow at ground level by keeping the base of the screen off the floor. Studio 50 has adapted to meet the needs of the moment, and is now well equipped to perform as a frame mounted system equally as effectively as its traditional use.

So many of the original advantages that were a key to making Studio 50 an instant winner are still in play today – the recyclability of the core components, the easy access to the cable management services, the quality finishing details. All this adds up to make Studio 50 an Australian favourite.

Height-adjustable Brackets

## Open Plan Office Spaces

# Designed Smart

Studio50 can be used to complement any collaborative workspace, with a simple, understated design that seamlessly integrates with other furniture ranges.

Studio50 combined with Axis gives a clean, contemporary look while retaining the ability to control visual height barriers, privacy screening and acoustics.

**Return divider screens**  
*These can be mounted either mid run or end of run to provide between user privacy or walkway privacy.*

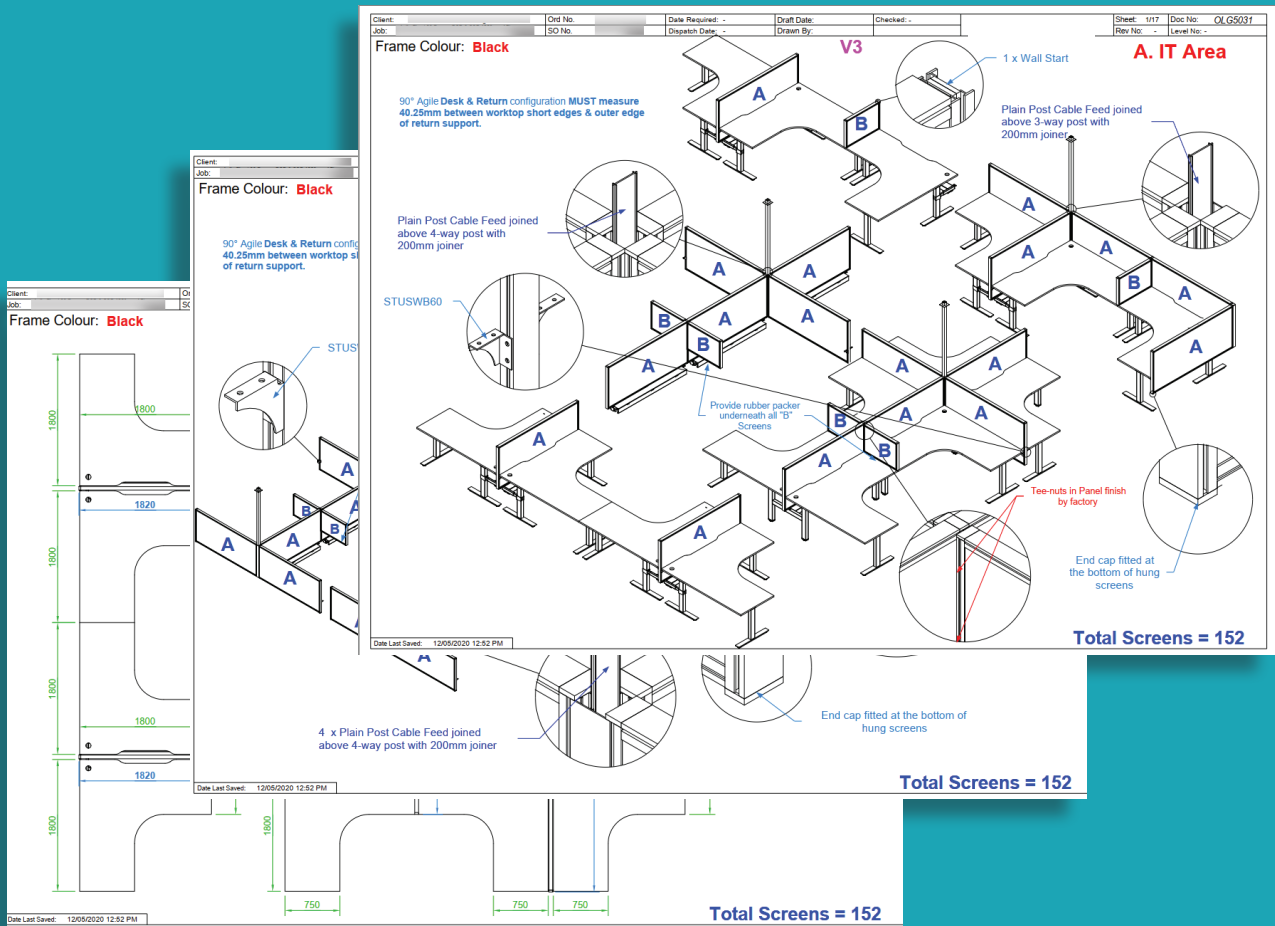

**Hidden Bracket Systems**  
*Back-to-back frames have hidden screen fixings.*

**“A Well-  
Designed  
Product will  
always make  
life easier.”**

Every Studio50 project is issued with a full set of production drawings for sign-off, eliminating errors and ensuring your installation conforms to best industry practice.

**Free-standing Feet**  
Mobile and fixed position feet for noticeboards, whiteboards and pinboards.

**Glazing Upgrade**  
Optional glass, acrylic and custom infill panels

**Timber Accent Post**  
Adds attractive vertical accents to soften the finishes palette.

## Concentration Spaces

# Creating a Statement

In a changing workplace Studio50 delivers the focus and flexibility needed for a great environment. Today's workload can be immersive and focus-driven or requiring social interaction. Plan your layout to inspire collective and individual performance.

With a combination of focus desking, breakout, retreat and meeting zones Studio50 can create the community framework to allow talent to thrive.

**Focused Workpoints**

*Epanel detachable hood provides visual barrier and minimises distraction and glare.*

**Screen-mounted Work Surfaces**

*Cost-effective solution provides minimal below-desk obstruction.*

**Height-adjustable Shelf**

*Screen-hung shelves are relocatable along the full width of the screen and vertically adjustable via brackets.*

**Open Plan Office Spaces**

# Outstanding Balance

Studio50 performs outstandingly in large or small spaces. Strategically place your team by dividing larger floor areas into smaller, specific working groups.

Studio50 desks mounted to the screens create a minimalistic yet well segregated office layout, while Desk & Return options provide even more flexibility. Studio50 features fast assembly design, for rapid deployment.

**Above-desk Power and Data**  
*Workstation services can be located at various heights and locations to optimise productivity.*

**Reconfigurable Space Management**

*Completely demountable panel system allows for changing work patterns, team formations and future expansion.*

**Fully Glazed Panel**

*Graphic elements or colours can be added.*

**Teamwork Spaces**

# Playing to Win

Create the desired office environment through a perfect blend of creating personal space & combining that with functionality and safety.

Studio makes it easy to add colour through a wide range of textiles that will contribute a sense of balance to your office refit project. Talk to our team of experts about the full range of additional products that can be added to the Studio50 range.

**Power Blade**

*Allows reticulation of power and data services from ceiling to desk or floor level.*

**Floor-level Services Duct**

*This configuration suits the Agile sit/stand desk system.*

**Back-to-back Static Screen**  
*Studio50 screen mounted to Agile double-sided frame.*

### Open Plan Office Spaces

# Quality and Function

Studio50 has been developed to achieve seamless integration with the Agile desking system.

The 50mm screen profile brings a balanced, quality aesthetic while retaining the functionality & customisation ability that is required to make your space work for you. The screens can be specified in a variety of finishes & acoustic variations to make sure your workplace performs.

**Single-sided Static Screen**  
Agile desk-mounted Studio50 screen with fully resolved adjustable bracket system.

**Top Rail Hung Shelf**  
*Hook-on shelf system can be relocated along top rail of screen as required.*

**Concealed Bracket System**  
*Studio50 is available with concealed mounting brackets for several desk frame systems, giving a large range of options.*

## Studio Spaces

# Designed for Creativity

Combine the Studio50 dividing system with Trestle or Plantation desks to complement the finishes of any workspace fitout.

Every component has been meticulously designed to suit the Australian workplace - making them highly effective and easy to use. With an aluminium frame and extruded polymer-resin foam core Studio50 is 100% recyclable and re-usable.

**Environmentally Friendly Design**

*The Studio50 system is fully re-usable with a long life cycle, guaranteed continuity of supply, and is recyclable at end of use.*

Studio50 - Developed and Manufactured in Australia for today's Australian Workspace.

**Adjustable Levelling Feet**

*Each Studio50 panel has adjustable height levelling feet to ensure ease of installation.*

**Tidy Angled Posts and Finishes**

*Studio50 provides posts and finishing caps to suit a wide variety of screen connection options.*

**Study Zones**

# Interconnected Advantage

Creating a workspace people enjoy coming to every day is easily achieved with honeycomb layouts. Smartly shaped worktops of generous proportions are interchangeable with hot desk spaces & soft seating elements.

Power & Data is incorporated into the honeycomb spines, acoustic requirements are accommodated using a mix of sound absorbing PET panels & wave reflecting XPS. The visual elements that can be achieved with smart colour co-ordination are a designers dream, making this an ideal system for achieving the right balance between privacy, separation & floor plate density.

**Extension Screens**

Clamp-on extensions to the top of Studio50 screens break up the vertical panel into a range of epanel and acrylic finishes.

**Integrated Seating and Sit/stand Desks**

Create flexible multi-use spaces combining lounge, task and collaboration elements in one system.

**Ceiling Flange**

*Tidy post-to-ceiling tile cover.*

**Softwired Power Circuits**

*Studio50 softwired power system plugs together, for fast installation and can be reconfigured and re-used.*

**Duct Cover Hinged for Access**

*Studio50 cable management is designed for modularity and convenience.*

**Cable Management**

**Power & Data Solutions**

**Duct Capacity**

*The cable management duct accommodates multiple power and data circuits.*

# Specifications

**Light weight, industrial strength panels**

Studio50 is an innovative combination of a 50mm aluminium frame and extruded polymer-resin foam core. Example: A finished 1800 x 1200mm panel is less than 9kgs!

*Studio50 is not only extremely rigid but is also conveniently light-weight! A dream to install and reconfigure. 1 person lift!*

**Precision engineered auto-lock system**

The Studio50 frame is designed for the Australian office, featuring an ingenious system to enable partitions to slide together and automatically lock into position.

*Studio50 shaves valuable minutes off each screen installation. Example: Install 10 floor standing partitions within approx 12 minutes - with minimal need for tools!*

**Pinnable surfaces**

Studio50's extruded polymer-resin foam core is an ideal pinnable surface.

*Keeps work areas organised as well as personalised.*

**100% Recyclable frame and core**

Both the Studio50 Aluminium frame and extruded polymer-resin foam core are 100% reusable and recyclable.

*Not only is Studio50 built to last, it can be reused or recycled - reducing the environmental impact in the future.*

**Glazing options**

The versatile Studio50 frame offers plenty of options to use glass in your office partition. From partial to full glazing - the choice is yours!

*A customised screen system makes your office tidier and more efficient.*

**Quality components**

Every component has been meticulously designed in New Zealand specifically for Studio50 office partitions.

*Highly effective and easy to use - these cast aluminium Studio50 parts are built to last!*

**Easily connect multiple frame heights**

Because the Studio50 frame links and locks along the entire edge of the screen, you can connect any height together - without the need for any unsightly connectors!

*Work areas can be specifically designed to suit the function of the room - makes an office run more efficiently.*

**Your choice of fabric**

The pinnable faces of a Studio50 screen can be finished in the fabric of your choice.

*Studio50 makes it easy to add colour to your office space and co-ordinate with the overall interior design.*

**Mobile Notice-Board Feet**

The pinnable faces of a Studio50 screen can be finished in the fabric of your choice.

*Studio50 makes it easy to add colour to your office space and co-ordinate with the overall interior design.*

### Sturdy work-surface brackets

The Studio50 desk bracket locks securely to the frame using a captive plate system.

*Worksurfaces can be placed at a height that best suits the user in a tidy manner.*

### Multiple colour options

By adding a transom to your Studio50 screen you are able to have more than one colour on your screen.

*Studio50 makes it easy to add colour to your office space and blend well with the overall interior design.*

### Powdercoated Frames

Standard frame colours are Black or White powdercoat – more colours available upon request. \*MOQ may apply

*Suits any office.*

### Tidy, easy-access cable tray

The hinged Studio50 cable tray opens quickly and easily. Gently lever the door open – once your cables are in position simply click the door back into place.

*Easy access to power and data means less installation time which saves you money!*

### Adjustable foot

Studio50 stands on an adjustable levelling glide with 35mm travel.

*Allows plenty of room to level screens on an uneven floor.*

### Relocatable hanging shelf options

Studio50's aluminium shelf-track allows for multiple attachments to be applied to the screen. For example; add two Studio50 shelf-tracks to create the platform for mounting a standard monitor arm – at any height, anywhere along the screen.

*Easily add items that make a workspace more functional for a user: Pen holders, monitor arms.*

### Stability feet

The unobtrusive Studio50 foot is simple to install and keeps the partitions rock solid.

*Easily create definition in an open plan environment with a Studio50 free-standing partition.*

### Integrated shelf brackets

Secure the shelf at any height with the custom made shelf bracket. Once installed the shelf can be easily moved to a new position.

*Organising your work space has just got easier and more flexible. Place your shelf anywhere at any width with the Studio50 aluminium shelf-track.*

### Whiteboard Option

Incorporate whiteboard elements into the Studio50 panel for a writable surface .

*Studio50 makes it easy to add colour to your office space and co-ordinate with the overall interior design.*
