

Seating for Activity-Based Working:

For the 21st century workspace.

Custom colours. Quick delivery. Exceptional value. Australian made quality.

The changing way of work

The way we work in Australia is changing, which is why many offices are complementing their traditional cubicle or hot-desk set-ups with activity-based working (ABW).

AMS Furniture offers a range of ABW Seating to meet the needs of the modern Australian organisation - from communal breakout lounges to semi-private pods for focused work.

Stylish, flexible and incredibly cost effective, ABW Seating is the smart choice for the 21st-century business.

The new kind of workplace seating

Our selection of ABW Seating is built for flexibility, efficiency and style.

Featuring a range of booths, lounges, ottomans, focus pods and visitor chairs, our activity-based modules can be combined and customised to meet the diverse needs of any modern-day enterprise.

The seats are soft, supportive and available in a variety of colours, from classic blacks and greys to vibrant reds, greens and blues. Businesses can even supply their own fabric for the ultimate in custom seating.

Cost-effective, functional, and with a healthy dose of originality, ABW Seating helps 21st-century businesses create a 21st-century workspace.

- ✓ Contemporary styles to suit the modern office fit-out
- ✓ Covered in soft-yet-sturdy fabric with a subtle linen weave
- ✓ Mix and match from 16 striking colours, or BYO fabric to match your existing decor
- ✓ Customised configurations to meet the needs of any business
- ✓ Manufactured in Australia, with a six week lead time

Valuable & Flexible Fit-outs

ABW Seating adds value to a space. It is easy to move, can be combined with traditional workstations and gives you the flexibility to alter your office space as your project or workforce changes.

Collaboration

Improves collaboration and knowledge sharing – teams can have a catch-up in a pod or breakout area, in addition to formal meeting rooms.

Concentration

Enhances concentration for focused tasks. Open-plan offices are great, but some people find background noise distracting. Providing 'focus rooms' lets staff have a quiet space for tasks that require serious concentration.

Benefits of an activity-based workplace

Attract & Retain Staff

Attract and Retain Staff

Activity-based working is fast becoming a major selling point for recruitment. Increased choice, better interactions with colleagues and a more appealing office environment improves employee satisfaction and helps businesses attract and retain staff.

Empowers Staff

Empowers Staff

We all have different needs and preferences around our working habits. Activity-based working recognises this and lets staff decide how and where they work best for each task.

Concentration

Active Employees

More Active Employees

Moving between areas depending on their current task means staff are less sedentary during the day. That encourages better health and can reduce sick days.

Amee

Amee is a comfortable, flexible and versatile soft seating solution where employees can escape workplace distractions. Boasting a creative form, Amee is characterised by unique wings that function as a quiet space for thoughtful deliberation and focused discussion. Stylish 120mm chrome feet further enhance its appeal.

Feature Highlights

- Available in any fabric to suit your colour scheme
- Popular range of booth seating
- Modern 120mm chrome feet

Flo Standard

Flo modular seating is ideally formed in a large sitting area where teams work, relax or collaborate. Flo is an eye-catching design mounted on 120mm high chrome feet that shouts creativity. The standard back option with the addition of a matching ottoman provides an open invitation for group collaboration. The tall back alternative forms creative hubs for added seclusion, concentration and privacy.

Feature Highlights

- Large range of modular configuration options
- Options to add rectangular shaped arms and matching ottoman
- Modern design with 120mm high feet

Flo Tall

For added privacy, extra back and neck support, and comfort, the Flo is also available in a tall version. The height of the back provides a semi-enclosed, cocoon type working environment enabling persons to have 'their own space' amongst a busy workplace. The taller version is ideal for activities requiring heightened focus and concentration, or even phone discussions.

Feature Highlights

- Large range of modular configuration options
- Options to add rectangular shaped arms and matching ottoman
- Modern design with 120mm high feet
